ULTIMATE GREENZONE

NPN 80092653, 368 g, Bulk Powder, Stock No. 1103

Ultimate GreenZone is a whole food combination of over 30 grains, greens and super foods, selected for their excellent nutritional value and antioxidant properties for the maintenance of overall good health.

Did you know?

Whole super food supplements offer a convenient way to consume a wide variety of the most nutrient-dense plant foods normally not consumed in the standard North American diet of processed and junk food. Whole super food supplements offer many healthful benefits throughout the body.

Nature's Sunshine's Ultimate GreenZone is a blend of grains, greens and other super foods required for optimal health. This whole food supplement features many of the most nutritious plant foods known: quinoa, amaranth and spirulina, along with the ancient Aztec seed chia that provides unsaturated omega-3 and omega-6 fatty acids. Ultimate GreenZone contains fructooligosaccharides (prebiotics that help your friendly bacteria), plus enzymes to support digestion. This formula contains greens such as kale, broccoli, alfalfa, artichoke, parsley, spirulina, spinach and chlorella to help supplement your diet.
