

WINTERGREEN WILD

Wintry & Warming

Wintergreen oil has a refreshingly minty, woody and mildly sweet aroma. It contains methyl salicylate, a naturally occurring compound in the plant that provides soothing properties when used topically.

Botanical name: *Gaultheria fragrantissima*

Origin: Nepal

BENEFITS

- Has a soothing, warming effect on body aches when used topically (always use wintergreen sparingly and with a carrier)
- Is invigorating and awakening
- Is often used in homemade shampoos, muscle rubs and salves

INGREDIENTS

100% pure, wild-harvested *Gaultheria fragrantissima* leaf oil.

RECOMMENDED USE

Essential oils may be used aromatically or topically in a variety of ways, including massage, compresses, baths, scrubs, lotions and sprays. Essential oils should be diluted with Nature's Sunshine Massage Oil or Carrier Oil before being applied topically. Wintergreen oil features a child protective cap and should be kept from the reach of children.
