BENEFITS

- Satisfies cravings between meals*
- Promotes a feeling of fullness*
- Helps you consume fewer calories*

KEY INGREDIENTS

- *Garcinia cambogia*—an extract of the rind of a small, pumpkin-shaped fruit native to Southeast Asia, *Garcinia cambogia* has a long tradition of safe use. Our pure extract is standardized to 60 percent of its active ingredient, hydroxycitric acid (HCA), which may promote feelings of fullness, helping you consume fewer calories during the day.
- Chromium—a trace mineral found in small amounts in whole grains and brightly colored fruits and vegetables, chromium picolinate helps activate insulin, a hormone that helps the body burn blood sugar instead of storing it as fat. By supporting already-normal blood sugar balance, chromium may also help with food cravings that are triggered by low glucose levels.

- Fiber blend—each stick pack contains 3 grams of soluble fiber from vegetables and short-chain fructo-oligosaccharides (FOS), a naturally sweet, prebiotic fiber. Studies show that consuming fiber may help with weight management partly by promoting feelings of fullness.

RECOMMENDED USE

Packaged for convenience, Stixated stick packs are easy to take along and use anywhere. Simply pour the contents of one packet into 16 ounces of water and stir. Consume one packet or more daily between meals when you feel hungry.
